

**CRYOGENIC INDUSTRIES
SERVICE
COMPANIES**

Partners in Pumping Solutions

Cryogenic Industries Service Companies are committed to your pumping efficiency and productivity. Frequent pump training workshops are offered to your managers, engineers and technicians, to expertly install, replace and maintain your pumps, saving you time and money.

Our **free** two (2) day seminars are held twice a year at each of our regional service center locations. Our group of highly trained pump specialists provide complete training for pump installation, on-site maintenance and operation.

Reciprocating Pump

- Theory
- Operation
- Installation
- Hands-on disassembly

Centrifugal Pump

- Theory
- Operation
- Installation
- Hands-on disassembly

Complete Pump

Maintenance Training
